

Olive Oil

“In Tunisia, olive oil is a lot more than food”: The olive oil is consumed for its medicinal properties and used as a cosmetic oil ingredient. Tunisian olive oil is considered as the highest quality in the world. **Extra Virgin Olive Oil:** the highest quality of olive oil with no defects; with a strong fresh olives flavour – fruity flavour. This is also referred to as first cold pressed olive oil. **Virgin Olive Oil:** produced by the same process as extra virgin olive oil, also has a higher acidity than 0,8 % - a maximum of 2 %.

Pomace Olive Oil: the lowest grade of olive oil as it is extracted from olive pulp after usage in the first press extraction.
